Employee Billboard Extension

Empower your workforce with a scheduling self-service app

A collaborative platform that gives employees the flexibility to actively manage their schedules

Main Benefits

Seamless integration with your HRIS

- Zaddons has partnered with your HRIS to deliver seamless, deep-rooted integration of our extensions
- So seamless, it will always feel like your HRIS environment!

Simplify processes through automation

- Manual, labor intensive, decentralized processes are now all automated
- Apply complex union and organizational trade rules by department (with the ability to have different rules even within the same department) for increased flexibility
- Automatically ensure scheduling compliance and overtime coverage

Improve productivity and reduce costs

- Reduce time and resources allocated to the scheduling process with 75% average savings over manual processes
- Reduction in grievances and fines due to uniform processing of collective agreements
- Boost employee productivity by promoting work/life balance through self-managed shift swaps

Features

Empower Employees

- Post, pick or sign up for open shifts that automatically identify qualified candidates
- Sign-up for voluntary time-off (VTO) during times of over coverage
- Keep employees informed of awarding status through your HRIS notification system

Collaborative Platform

- An employee self-service platform that safely and securely manages schedule changes – no more Messenger or Microsoft Teams!
- Gain schedule change request accountability and greater transparency through automated approvals

Scheduling Compliance

- Automated compliance with complex union and organizational trade rules for all employees
- Control when employee trades occur (probation, worked hours, …) with support for partial trades

Secure and Centralized Data

- Rid yourself of duplicate data, misplaced documents, and collaboration hassles
- Pull, transform and save your data directly within your HRIS
- No third-party security to worry about
