

# Workplan Manager

 Workforce Dimensions

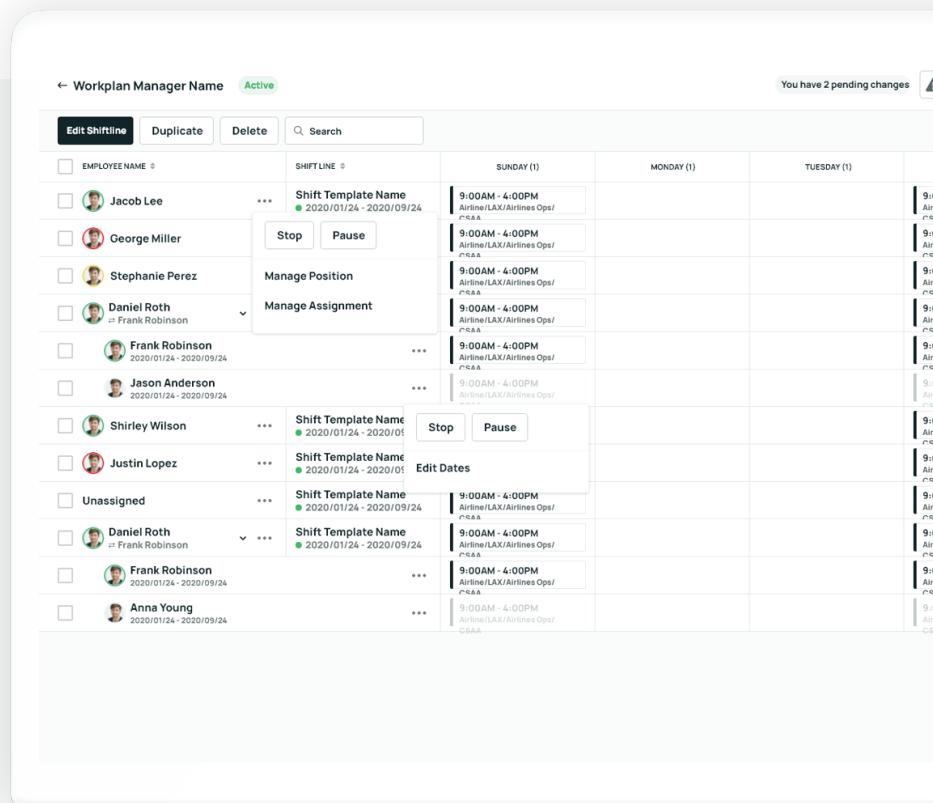

Designed to manage your rotation schedules and patterns in one centralized schedule template.

## An effective long-term scheduling planning.

Plan your workforce in advance

### A workforce at full capacity.

Create your schedule template and manage your employees' positions in one place. As a manager you can cover all your shifts in your shift line or schedule pattern with the right employees.

Manage your workplan your way

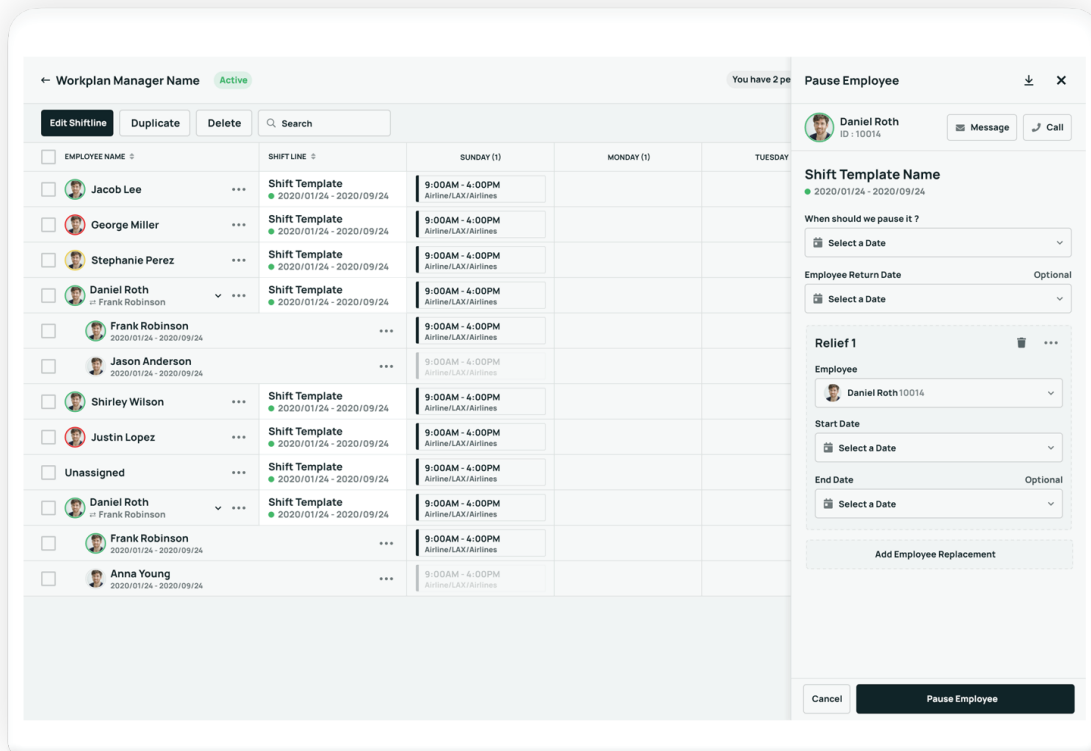

### Adapt your planning to real-life events, anytime.

You can pause, stop or restart your workplan or your shift line assignment. You can easily modify your schedule patterns and leaves to be ready for unforeseen.

## Highlights

- 1 — Schedule can plan their coverage requirements in advance.
- 2 — Managers can quickly and efficiently create long-term schedule templates.
- 3 — The platform is fully integrated with UKG Dimensions, providing a single user experience.
- 4 — The Workplan Manager manages backfilling when there is a leave of absence or a position change.
