#### **Main Benefits**

## Seamless integration with your HRIS

- Zaddons has partnered with your HRIS to deliver seamless, deep-rooted integration of our extensions
- So seamless, it will always feel like your HRIS environment!

#### Simplify and streamline processes

- Easy as 1-2-3: Generate the employee list, track employee responses and update employee availability
- Create standardized pre-configured responses that combine business, scheduling and requirement rules
- Automatically compliant with complex union regulations and organizational rules

## Improve productivity and reduce costs

- Reduce costs by preventing overtime through predictive overtime indicators that provide instant visibility on the impact of assigning open shifts
- Reduction in grievances and fines due to uniform processing of collective agreements
- Make informed decisions that optimize shift allocation

#### Find Available Employees

- Optimally manage last-minute coverage changes and absences
- Generate employee list from your HRIS to quickly find available, partially available or unavailable employees
- Specialized availability filter for targeted search

### Features
