

Call List

Cover all your last-minute schedule changes.

Making informed decisions, predicting overtime before shift assignments, and identifying employee availability are a breeze with Call List.

Quickly find available employees to fill your open shifts

Fill your open shifts

Generate your list of employees and reach out to qualified employees to fill multiple or partial open shifts.

Pre-defined responses

Create standardized responses that combine your business, scheduling and requirement rules.

Reduce errors

At any time, we make sure you are contacting the right employees based on your convention rules.

Easy to setup

Have this application up and running in less than a week.

Your employees' info up to date

Update your employees' availability effortlessly directly from the app.

Be audit ready

Track all actions and changes in an exportable audit report.

Technical Specification

The Call List is compatible with Kronos Workforce Dimension. The application is supported on Chrome, Firefox, Internet Explorer, Safari and Opera.
