Automate your annual vacation allocation process with an easy-to-use tool.

Create your bidding periods

Set up one or multiple bidding periods for a group of employees or a location.

Update your employee profiles

The vacation allocation will be reflected naturally into your employees' profile, without extra effort.

Empower your employees

Allow your employees to bid on their preferred time-off from anywhere and from any type of device.

Apply your policies & rules At any moment, the vacation bidding will reflect your organization policies and union agreements.

Automatic vacation award Save time and grant the vacation requests automatically based on your organizational policies and union rules.

Audit all actions and activities We track all the bids completed by your employees and allow you to export it on Excel.

Technical Specification

The Vacation Bidding is compatible with Kronos Workforce Central version 6.1, 7.0 and 8+ and can be used On Premise or through the Kronos Cloud instance. The application is supported on Chrome, Firefox, Internet Explorer, Safari and Opera.
