

Workplan Manager Extension

Effectively manage your rotation schedule

Create and manage your schedule templates in a single, centralized interface

Main Benefits

Seamless integration with your HRIS

- Zaddons has partnered with your HRIS to deliver seamless, deep-rooted integration of our extensions
- So seamless, it will always feel like your HRIS environment!

Simplify and streamline processes

- Create and plan coverage requirements, manage rotation schedules, assignments and patterns
- All data – everything needed to make informed decisions in a single interface
- Automatically compliant with complex union regulations and organizational rules

Improve productivity and reduce costs

- Single, centralized schedule template interface boosts efficiency and productivity
- Avoids mitigation of double or noncompliant assignments
- Reduction in grievances and fines due to uniform processing of collective agreements
- Plan coverage requirements in advance

Features

Single Interface

- No paper, no Excel – manage all activities in central application on a single, centralized interface
- Quickly and efficiently create long-term schedule templates

Optimize Schedule Management

- Optimally manage assignments, people and workload coverage
- Create department template plan based on budget
- Assign, pause or stop an employee ownership assignment, and use reliefs to fill long-term leave absences

Audit and Track Assignments

- Track and validate assignment history, and schedule actions to ensure compliancy
- Get alerts and real-time guided actions that avoid double or noncompliant assignments
- Validate coverage requirements while building staffing plans

Secure and Centralized Data

- Rid yourself of duplicate data, misplaced documents, and collaboration hassles
- Pull, transform and save your data directly within your HRIS - No third-party security to worry about
- Seamlessly integrates with the ZaddonsShift Bidding extension

HIGHLIGHTS

Increase your workforce Efficiency, Engagement and Productivity

Create, plan and manage assignments, people and workload coverage for long-term planning

Seamlessly push schedules to fill shiftlines with true position and ownership

Align schedules with staffing requirements
